

After completing his studies in Social Anthropology at Harvard University, Stefan joined SCORE as a program co-ordinator working in Khayelitsha in 1991. Stefan fulfilled a number of leadership roles within the fledgling organisation and after SCORE lost support from its American partner organisation in 1994, Stefan led the registration of SCORE as a South African NGO of which he became executive Director in 1995. Stefan has been the backbone of SCORE ever since and he is currently responsible for strategic planning, fundraising, organizational development and management within SCORE International. For his tireless efforts, Stefan was included on the Queen's Birthday Honours List in 2008 and was awarded an MBE for Services to Sport and Social Development in Southern Africa.
